KITTEN HEALTH RECORD

Pick-up Date: _____

Date of Birth: _____

Sex: _____

Father: _____

Mother: _____

FOOD TO FEED: Royal Canan or Iams Adult Food Mixed 50/50 with Royal Canan or Iams Kitten Food Dry until 1 year old.

LITTER TO USE: To insure your kitten will acclimate to his/her new surroundings, use "Scoop Away" Multi-cat variety or the "Scoop Away" Litter you find at Costco. FYI You may slowly integrate your preferred brand of food and/or litter for your new kitten.

VACCINATIONS: Your kitten has had the following:

() 8 weeks - #1 Distemper - TruFel PCT- Killed Virus Date: _____

() 11 weeks - #2 Distemper - TruFel PCT- Killed Virus Date: _____

() 14 weeks - #3 Distemper - TruFel PCT- Killed Virus Date: _____

OPTIONAL: (Only necessary if you have other cats in the home that have questionable history, e.g., vaccinations and/or whether ever allowed outside the home).

() 16 weeks - #1 Leukemia - TruFel - Killed Virus Date: _____

() 20 weeks - #2 Leukemia - TruFel - Killed Virus Date: _____

SUGGESTIONS: When obtaining future vaccinations, always require that your veterinarian use only killed vaccines!!!! Do not allow multiple vaccinations on the same day!!! **DO NOT VACCINATE FOR FIP!!!** Due to the controversy surrounding the FIP vaccine, and due to the fact that your Ragdoll will be strictly an indoor cat, your health guaranty will be void if you allow your cat to receive the FIP vaccine. Please feel free to call anytime regarding any questions you may have about your kitten. We will do everything we can to insure your kitten has a long, healthy life.
